From the Principal's Desk:

This year seems to have just flown. I guess there is some merit to the saying "Time flies when you're having fun." When looking over the past year there are many moments that stand out as good moments for the students of A.A.C.S. These moments would not have happened without the generosity of our families, friends and parish. I want to thank all of you who spent the extra time and money on fundraisers. Without you the students would not have had some of the extras.

I also want to thank the families for giving the children of A.A.C.S. the opportunity to experience the field trips. Field trips are so important for children. They give the children opportunity to learn and practice social skills as well as having educational value. I know extra planning and money are needed for these experiences so thank you. These extras help your child have a balanced education.

It is these opportunities and our faith based education that makes A.A.C.S. a very special place and different from the public schools. A place that I would like to share with more children, so please spread the word to family and friends about all the positive experiences your child has had at Auburn Area Catholic School. (Don't forget to mention the new family incentive and how reasonable the tuition is at AACCS.)

As they say, "word of mouth is still the best form of advertisement."

Respectfully,
Terri Duch
